Students who within the last 45 days have taken the Motorcyclist Training Course (MTC) at Cerritos College and attempted the Skills Test in that course one time but did not pass and want extra practice.

This class offers over four hours of riding time and is kept to a max of six students, to allow time and attention to be given to students to help them develop riding skills. Skills to be focused on in this class are: clutch control, shifting & stopping, riding through curves, weaving, low speed turning & lane changing, negotiating curves, swerving, and more! At the end of the course, a skills evaluation will be done, so you know where you've improved and where you might still need to practice a bit more on your own.

Bikes and helmets are provided (or bring your own DOT approved helmet). Protective clothing and footwear needs to be worn; you will be dismissed if you show up to class without proper gear. You need to bring either a valid CA motorcycle or driver's license, permit or ID card to class.

NOTE: This course will NOT waive your riding test at the DMV; see the MTC course (on previous page) if you are looking for this.
